Depositor's Check for Conforming the Deposit

Note for the Depositor: The strain sent by you, the Depositor, to MCM for deposit has been preserved in our facility. Before we release the Certificate of Deposit and add this preserved strain to our catalogue, we ask that you conform its identity against the original strain available in your laboratory. In case the two strains are different, we recommend that you send us the replacement strain.

Conformity by the Depositor: The details of the strain received for conformity are as follows:

1. Type of Deposit (General/ Safe Deposit)	
2. Type of Organism (Bacteria/ Archaea/ Fungi/ Methanogen/ any other)	
3. Strain No	
4. Sample Reference Number (SRN)	
5. MCM Accession Number	

We have compared the above strain received from MCM with our original strain and find that the strain preserved at MCM is:

identical with the strain held in our laboratory.

not identical with the strain we originally sent for deposit.
